

How to offer 1% of your income tax for Habitat for Humanity Hungary?

If you fill in the tax return form yourself:

(with the ABEV program, manually or if you choose the simplified tax return)

- Fill in page D of the tax return form.
- Tax number of Habitat for Humanity Foundation: 18672772-2-42
- Submit your tax return form with the completed page D (as this page is part of your tax return, you do not have to put it in a separate envelope)

If your employer fills in your tax return:

- Print this page, then cut out the declaration form below.
- Put the declaration form in an envelope.
- Write the tax identification number on the envelope. After you closed the envelope, sign it across the bonding.
- Submit the envelope at your workplace.

If you have sent your tax return, but forgot to offer your 1% income tax, or you do not want to/cannot submit the filled tax return at your workplace:

- Print this page, then cut out the declaration form below.
- Put the declaration form in an envelope.
- Write the tax identification number on the envelope. After you closed the envelope, sign it across the bonding.
- Send this envelope by post or personally to any APEH (Tax and Financial Control Administration) office until 20th May.
- This way your declaration is valid without reference to your tax return or payroll tax.
